Coco Palm Makes Expedia's Insiders' Select 2008 For 2nd Year

For the second consecutive year, Coco Palm made Expedia's Insiders' Select list of the world's top 1% of hotels. The three year old four star boutique hotel in Rodney Bay Village came in at number 107 in the world, fourth in the Caribbean and number 2 in St Lucia.

Expedia Insiders' Select list is just that: an easy to browse list of top hotels in terms of value and quality as determined by their experts and millions of customers. The methodology is based on Traveler Opinions + Value + Expedia Hotel Expert Input = Expedia Insiders' Select score

"Over the last year it has become more apparent to us that our guests have chosen Coco Palm simply because of Trip Advisor and comments posted. We know you are only as good as your last guests and given the power of the World Wide Web, it is truly a testament of our Team at Coco Palm consistently delivering what we promised and then some" says Managing Director Feolla Chastanet.

Expedia.com is home to more traveler reviews than any other online travel agency with over 160,000 new Traveler Opinions on hotels across the globe in 2007. To ensure authenticity, Expedia verifies each Traveler Opinion by confirming that the reviewer has stayed at the property within the past six months. To qualify for the honour of inclusion on the Expedia Insiders Select list, a hotel had to have a minimum number of reviews.

This award is in addition to recognition from which Coco Palm received from Budget Travel for 'Best Value for Money' 2008, Expedia Insiders List 2007 number one in St Lucia. Coco Kreole has also been the recipient of Virgin Holidays 'Best Small Hotel in the Caribbean' and Caribbean Hotel Association Crystal Award – Best Small Hotel 2006".

Also making the list for St Lucia was Discovery at Marigot Bay at number 60, Le Sport Body Holiday at 402 and TiKaye at 801. For the full list visit www.expedia.com

About Coco Resorts

Coco Resorts was founded in 2003 with the opening of the 20 room Coco Kreole followed by the 83-room Coco Palm which opened in September 2005. Coco Resorts aims to offer the savvy traveller an opportunity to enjoy an authentic Caribbean experience by blending old world charm with modern day amenities at affordable prices. Each hotel is designed with a distinct Caribbean décor with both Coco Palm and Coco Kreole offering WiFi, cable TV, DVD, CD player, cordless phone, mini-refrigerator. The trademarks of Coco-Resorts are its "Hosts", individuals who are cross-trained and dedicated to specific rooms with the aim of personalizing each guest's experience and a simplified check-in/check-out procedure, which eliminates the traditional registration desk.
